

# Add-on Blinds for Doors

## What to Consider

### ODL Add-on Blinds for **Raised** & Flush Frame Door Glass

Raise, lower and tilt the blinds using one fingertip controller.

The doorglass frame of Add-on Blinds never requires painting or staining, but can be painted or stained if desired.

[Find out how to choose the right Add-on Blinds](https://www.odl.com/doorglass_blinds_addon_wtc.htm) for your existing doorglass frame style.

## How to Choose the Right Add-on Blinds for Your Door

\*Please note: The GHI Homes Improvement Program is installing the "Raised" doorglass frame style\*

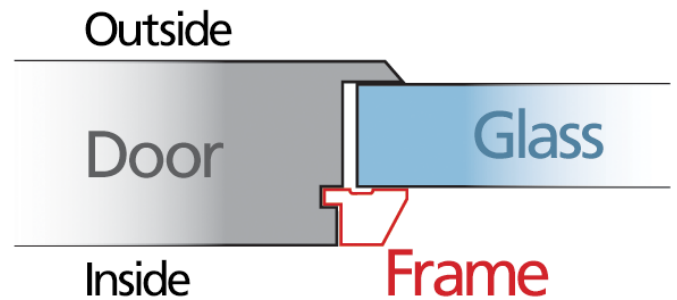

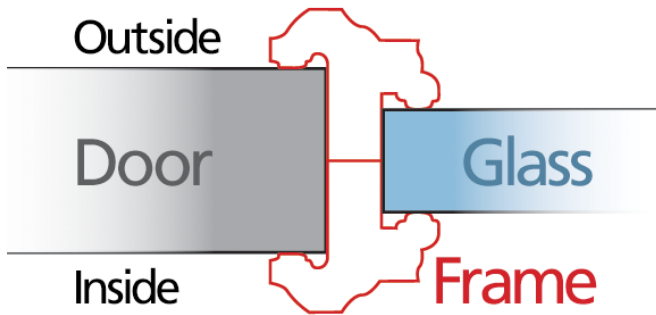

**Raised Frame Door** (GHI)

If your hand goes up and over the frame as you run it across your door, you have a raised frame.

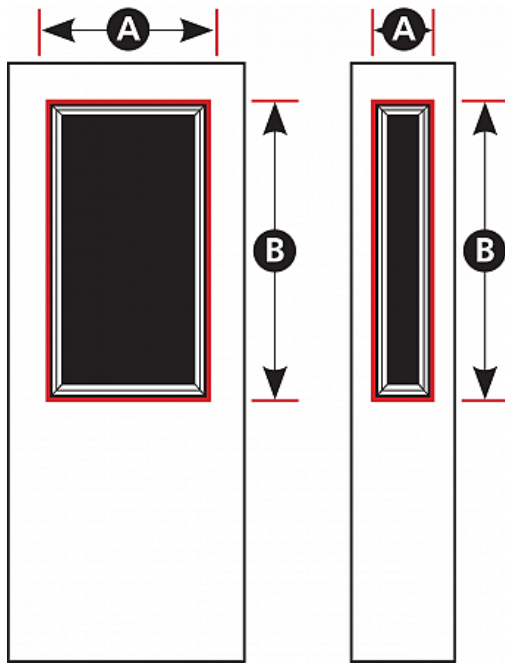

**Flush Frame Door** (Non-GHI)

If your hand sinks down to the glass as you run it across your door, you have a flush frame.

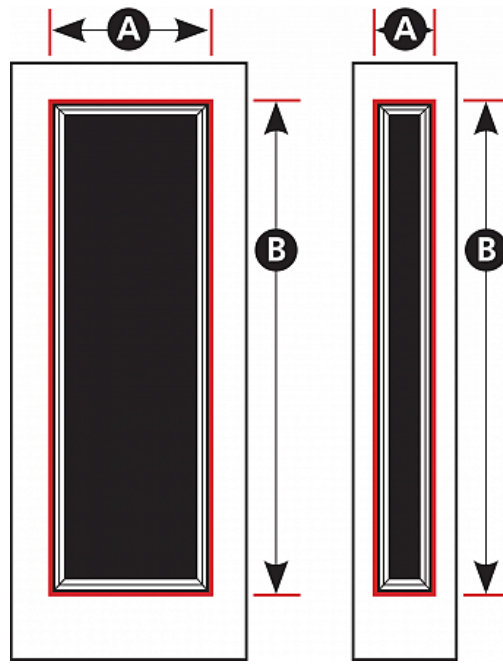

**Raised Frame Door Glass (GHI)**

Measure the outside of the glass frame dimensions on your steel or fiberglass exterior entry door to select the correct size treatment in the chart below.

Half-view Door and Sidelight

Full-view Door and Sidelight

View	Blind Size	Fits Width A	Fits Width B
Half-view Door	22" x 36"	23-3/4" to 24"	37-3/4" to 38"
Full-view Door	22" x 64"	23-3/4" to 24"	65-3/4" to 66"
