

Update on 2019 HIP Attic Insulation Costs

An inadvertent error was made in calculating the attic improvement costs for the 2019 HIP Survey.

The costs should have included the mandatory 10% fee that is added to all HIP options.

The revised costs are shown below and have been updated in the Survey files on the HIP website:

Frame Homes

1. Insulate/Air Seal Attic Access (pull down stairs/push up hatch)	\$144.38
2. Air Seal Attic Perimeter	\$288.75
3. Insulate Attic Floor, Maintain Full or Partial Storage Area	\$1,790.25

Brick Homes

1. Insulate/Air Seal Attic Access (hinged doors)	\$115.50
2. Air Seal Attic Perimeter	\$288.75
3. Insulate Attic Floor, Maintain Full or Partial Storage Area	\$1,790.25

Members who have already completed the survey will receive the HIP proposal with the revised costs. Please contact the HIP office with any questions or changes as needed.
